

Dear Students,

In the seven months I have spent at Nichinan High School I have had the chance to meet many of you. I have gotten to know you through conversations, seeing you with your friends and reading your English writing. I am always impressed by how friendly and thoughtful you all are. This is so helpful to a foreigner in another country!

I have seen that many of you want to travel someday. This is a dream worth following. The best thing about travel is that while seeing new places, you learn that people around the world are very similar. We find the same things funny, sad, scary. And we can get along in any language! Whether you are good at English or not, if you are friendly the language does not matter. Most of my conversations in Japan involve a dictionary, gestures, and a lot of laughing!

I hope that you use your wonderful personalities to communicate to other people. Even if you think you do not know how, just one word or a smile can make people feel happy. For those of you leaving, I wish you all the best. For those of you staying, I look forward to another year with you!!
